SCHOLAR SPOTLIGHT

Saima Riyaz
GMC, Srinagar

Meet Saima Riyaz, a remarkable individual close to our hearts. She's the daughter of a taxi driver from the remote village of District Pulwama.

Saima's journey is a testament to her unyielding spirit. Despite the odds stacked against her, she never lost sight of her dream of pursuing a career in medicine. Through sheer determination and unwavering dedication, Saima achieved her goal by securing admission to a medical college on her very first try. Her story resonates deeply with us, showcasing the incredible power of persistence and resilience.

If you'd like to dive deeper into Saima's personal journey, please click [here](#). Her story is an inspiration not only to aspiring NEET candidates but to all of us who believe in the potential of unwavering determination.

ACCESS 2 STEM UPDATES

Umi and 15 KEI scholars earn CS50 certificate from Harvard

The big deal: Umi Luhab a 12th grade scholar comes from a small family in Chattabal, Srinagar. Her father is a driver and mother a house maker. Umi and her two younger siblings spend 2-3 hours a day at the tech labs learning Computer Science and Data Analytics.

Mehreen and 27 more students earned certificates from Macquarie

The big deal: Mehreen the daughter of an artisan and a homemaker completed her Data Analytics courses and got certified by Macquarie University in Australia in all the three levels within a short span of 6 months!

“I am looking to pursue my career in advanced courses in Data Analytics besides volunteering at the Tech lab,” says Mehreen.

Important to know: KEI runs 2 Tech Labs, one in Gogjibagh and the other in Aalikada. The goal of the program is to inspire and provide access to STEM courses to all youth in the valley --from middle school through university.

What gets us excited!

- 7 graduates completed their internship at Tech labs this summer
- One of our interns, Ms. Iffat Shabir got hired full-time as a graphic designer
